To  
The Principal  
Gurudas College  
Kolkata – 700054.

Respected Madam,

Gurudas College is a reputed institution in our locality and its students are intellectually alert and mentally active. I strongly believe if we are able to expose them with the situations of the outer world, they will be able to break through the monotony of their life and succeed in the professional world.

In this context I would suggest, if emphasis is laid on a soft skill development programme for the students, they will be highly benefitted out of it in their future life. Being a premier academic institution, College should also look into their life skill or soft skill development through interactive seminars, trainings and help them to identify the positives of them and how to utilise them in life. In this era of corporate globalisation, this will enhance the employability of them in the job market. It is important that they break the social inhibition and face the dynamic outer world.

Hope, College administration will look into this for its students.

Thanking you,

Yours faithfully

Sourabh Mukhopadhyay
